

Bloomfield Greenway Trail

BLOOMFIELD MORRIS CANAL GREENWAY MOBILE APP

Visit the Apple Store or Google Play on your mobile device and search for Morris Canal to download the app.

This free mobile app will help you find your way as you follow the route of the Morris Canal through the streets of Bloomfield. Wayfinding signs and kiosks have been installed along the trail. This mobile app enhances your experience by plotting the way on a map

while tracking your position to help you navigate the 5 mile greenway trial through town. The entire Morris Canal is also plotted so that you can see where the canal used to exist relative to the greenway trail anywhere across the state. The app also provides links to photos and additional information based on a specific location. In addition, the mobile app will track fitness statistics, such as steps taken, distance, time and calories burned while walking the greenway trail.
